### **The Saillant Company Opens New Office in Bradenton, Florida**

The Saillant Company is a multi-platform production company that specializes in local and international sustainable development solutions for diverse business and entertainment verticals.

CEO, Antonio Saillant is best known for being a leading voice for energy policy to protect the quality of life. He is dedicated to tackle our region's energy challenges and harness the economic opportunities presented by clean renewable energy.

The Saillant Company welcomes the opportunity to work together to help explore options that can give clarity on what is needed to empower your life for personal, business, economic and social change.
